APPENDIX

Maps
The maps in this appendix show most — but not all — of the geographic locations mentioned in both volumes of this work. A location name that appears in parentheses represents an alternative name, an alternative spelling, or a name used in the historic past. All boundaries are contemporary, not historical.

TRADITIONAL PROVINCES AND CONTEMPORARY DISTRICTS OF PORTUGAL: EXPLANATORY NOTE

In 1976, Portugal’s traditional provinces were divided into eighteen districts and two autonomous regions (the Azores and Madeira). The list below shows the correspondence between these former provinces, many of which are mentioned in the text, and today’s districts.
