**Submission**

First published in 1984 as the ASEAN Economic Bulletin, the Journal of Southeast Asian Economies (JSEAE) is an authoritative source on economic issues facing countries in the region addressed to both researchers and policy-makers. Submissions of articles to the Journal are welcome. Past contributors to our publication include renowned scholars as well as younger professionals. Articles should be of contemporary economic interest and have clear policy relevance. They should be pertinent to Southeast Asian countries or regional economic groupings such as the Association of Southeast Asian Nations (ASEAN).

For full research articles, each manuscript should be between 7,000 and 8,000 words in length, while research notes should be between 4,000 and 5,000 words. Articles should also be of a high standard of English (i.e. they should be clear, well-articulated and comprehensible). The broad format should be scholarly but tables, figures, citations, endnotes, and quotations should be kept to a minimum level essential for the analysis or descriptions intended. Articles must be accompanied by an abstract of 100-150 words and 4 to 5 keywords.

Submissions to the journal should be original contributions and not under consideration by any other publication. They are subject to external blind refereeing. Electronic submissions are preferred and should be sent as an e-mail attachment to: jseae@iseas.edu.sg.

Alternatively, articles can be sent by post, in duplicate, together with a soft copy in a CD to:

The Institute of Southeast Asian Studies (ISEAS) was established as an autonomous organization in 1968. It is a regional research centre for scholars and other specialists concerned with modern Southeast Asia, particularly the many-faceted problems of stability and security, economic development, and political and social change.

The Institute’s research programmes are the Regional Economic Studies (RES, including ASEAN and APEC), Regional Strategic and Political Studies (RSPS), and Regional Social and Cultural Studies (RSCS).

The Institute is governed by a twenty-two-member Board of Trustees comprising nominees from the Singapore Government, the National University of Singapore, the various Chambers of Commerce, and professional and civic organizations. An Executive Committee oversees day-to-day operations; it is chaired by the Director, the Institute’s chief academic and administrative officer.
