*University of the Philippines*

Field Report Series No. 17  
ASEAN ECONOMIC RESEARCH UNIT  
INSTITUTE OF SOUTHEAST ASIAN STUDIES  
1987

The **Institute of Southeast Asian Studies** was established as an autonomous organization in May 1968. It is a regional research centre for scholars and other specialists concerned with modern Southeast Asia, particularly the multi-faceted problems of stability and security, economic development, and political and social change.

The Institute is governed by a twenty-two member **Board of Trustees** comprising nominees from the Singapore Government, the National University of Singapore, the various Chambers of Commerce, and professional and civic organizations. A ten-man **Executive Committee** oversees day-to-day operations; it is chaired by the Director, the Institute's chief academic and administrative officer.

The **ASEAN Economic Research Unit** is an integral part of the Institute, coming under the overall supervision of the Director who is also the Chairman of its **Management Committee**. The Unit was formed in 1979 in response to the need to deepen understanding of economic change and political developments in ASEAN. The day-to-day operations of the Unit are the responsibility of the Co-ordinator. A **Regional Advisory Committee**, consisting of a senior economist from each of the ASEAN countries, guides the work of the Unit.

## ACKNOWLEDGEMENTS

---

The Institute of Southeast Asian Studies wishes to express its thanks and appreciation to the editors of this volume, Dr Pradumna B. Rana and Dr Florian A. Alburo; and also to the Asian Development Bank (ADB) for granting permission to Dr Rana, and the University of the Philippines for allowing Dr Alburo to participate in the work of this project.

Thanks are also due to the contributors, namely: Polin L.R. Pospos (Indonesia), M. Semudram (Malaysia), Noel L. Lim (Philippines), Lee (Tsao) Yuan (Singapore), and Direk Patmasiriwat (Thailand) as well as the funding agencies, the International Development Research Centre (IDRC) and the United States Agency for International Development (USAID).

Finally, in wishing the work that follows all the best, it is clearly understood that the individual authors and editors are exclusively responsible for the facts and opinions expressed in their respective contributions, and their interpretations do not necessarily reflect the views or policies of the ADB, the University of the Philippines or ISEAS, or their supporters.
