

# BIBLIOGRAPHY

The papers in this monograph draw directly upon many sources, which are included in this bibliography. We have also provided a brief, not exhaustive survey of environmental literature in the bibliography. The bibliography is organized by topic. Where an item is related to more than one topic, it is only included in one of the topical divisions of the bibliography.

## I. STATE OF THE ENVIRONMENT

### ***General Information and Statistics***

Essam El-Hinnawi and Manzur H. Hashmi. *The State of the World*. Nairobi, Kenya: United Nations Environment Programme (UNEP), 1987.

UNEP. *Environmental Perspective in the Year 2000 and Beyond*. Nairobi, Kenya: United Nations Environment Programme, 1981.

———. *Environment Data Report*. Bangkok: United Nations Environment Programme, 1987.

United Nations. *ACCIS Guide to United Nations Information Sources on the Environment*. New York: United Nations, 1988.

United Nations Population Fund. *The State of the World Population*. New York: United Nations, 1991.

World Resources Institute. *An Assessment of the Resource Base that Supports the Global Economy*. New York: Basic Books, 1987.

- . *World Resources 1990–91*. New York: Oxford University Press, 1990.
- . *State of the World*. New York: Norton, various years.

### ***Agriculture and Land Degradation***

- Blaikie, P. *Political Economy of Soil Erosion in Developing Countries*. London: Longman, 1985.
- . and H. Brookfield, eds. *Land Degradation and Society*. New York: Methuen, 1987.
- Buttel, F.H. and G.W. Gillespie. *Agricultural Research and Development and the Appropriation of Progressive Symbols: Some Observations on the Politics of Ecological Agriculture*. Bulletin no. 151, Department of Rural Sociology. Ithaca, NY: Cornell University, 1988.
- Committee on Agricultural Sustainability in Developing Countries. *The Transition to Sustainable Agriculture: An Agenda for AID*. Washington, DC: International Institute for Environment and Development, 1987.
- Davis, T.J. and I.A. Schirmer, eds. *Sustainability Issues in Agricultural Development*. Washington, DC: World Bank, 1987.
- Dover, M. and L.M. Talbot. *To Feed the Earth: Agro-Ecology for Sustainable Development*. Washington, DC: World Resources, 1987.
- Ekholm, E. *Losing Ground: Environmental Stress and World Food Prospects*. New York: W.W. Norton, 1976.
- Little, P.D. and M.M. Horowitz, eds. *Lands at Risk in the Third World: Local-Level Perspectives*. Boulder, CO: Westview Press, 1987.
- Parikh, J.K., ed. *Sustainable Development in Agriculture*. Dordrecht, Netherlands: Martinus Nijhoff, 1988.
- Repetto, Robert. *Skimming the Water: Rent-seeking and the Performance of Public Irrigation Systems*. Washington, DC: World Resources Institute, December 1986.

### ***Biodiversity and Extinction***

- Bishop, R.C. "Economics of Endangered Species". *American Journal of Agricultural Economics* 60 (1978): 10–18.
- Ditkof, Martin. "International Trade in Endangered Species under Cites: Direct Listing vs. Reverse Listing". *Cornell International Law Journal* 15 (Summer 1981): 429–55.
- Ehrlich, Paul R. *Preservation of Species: The Value of Biological Diversity*. Princeton, NJ: Princeton University Press, 1986.
- Ehrlich, P.R. and A. Ehrlich. *Extinction: The Causes and Consequences*. New York: Random House, 1981.
- Fisher, A.C. and W. M. Hanemann. "Option Values and the Extinction of Species". In *Advances in Applied Microeconomics*, edited by V.K. Smith. Greenwich: JAI Press, 1986.
- IUCN. *World Conservation Strategy: Living Resources Conservation for Sustainable Development*. Gland, Switzerland: International Union for Conservation of Nature and Natural Resources, United Nations Environment Programme and World Wildlife Fund, 1980.
- McNeely, Jeffrey. *Economics and Biological Diversity: Developing and Using Economic Incentives to Conserve Biological Resources*. Switzerland: International Union for Conservation of Nature and Natural Resources, 1988.
- Melick, Jeffrey. "Regulation of International Trade in Endangered Wildlife". *Boston University International Law Journal* 1 (Spring 1982): 249–75.
- Norgaard, R.B. "The Rise of the Global Exchange Economy and the Loss of Biological Diversity". In *Biodiversity*, edited by E.O. Wilson. Washington, DC: National Academy Press, 1988.
- Norton, B., ed. *The Preservation of Species*. Princeton, NJ: Princeton University Press, 1986.
- Schonfeld, Alan. "International Trade in Wildlife: How Effective is the Endangered Species Treaty". *California Western International Law Journal* 15 (Spring 1982): 249–75.

- Southgate, D. *Efficient Management of Biologically Diverse Tropical Forests*. London: London Environmental Economics Centre and International Institute for Environment and Development, 1988.
- Wilson, E.O., ed. *Biodiversity*. Washington, DC: National Academy Press, 1988.

### **Energy and Conservation**

- British Petroleum Co. *BP Statistical Review of World Energy*. London: British Petroleum Co., various years.
- Chapman, D. *Energy Resources and Energy Corporations*. Ithaca, NY: Cornell University Press, 1983.
- Deudney, D. and C. Flavin. *Renewable Energy: The Power to Choose*. New York: W.W. Norton, 1983.
- Edmonds, J. and J.M. Reilly. *Global Energy: Assessing the Future*. New York: Oxford University Press, 1985.
- Fowler, J.W. *Energy and the Environment*. New York: McGraw-Hill, 1984.
- Goldemberg, J. *Energy for a Sustainable World*. Washington, DC: World Resources Institute, 1988.
- Heede, H.R.L., et al. *The Hidden Costs of Energy*. Washington, DC: Center for Renewable Resources, 1985.
- Humphrey, C.R. and F.R. Buttel. *Environment, Energy and Society*. Belmont, CA: Wadsworth, 1982.
- Medsker, L. *Side Effects of Renewable Energy*. New York: National Audubon Society, 1982.
- UNEP. *The Environmental Impacts of Production and Use of Energy*. Vols. 1-3. Nairobi, Kenya: United Nations Environment Programme, 1979-80.

### **Fresh Water Resources**

- Anderson, T.L., ed. *Water Rights: Scarce Resource Allocation, Bureaucracy,*

- and the Environment*. San Francisco: Pacific Institute for Public Policy, 1986.
- Glickman, D. "Keep your Pollution to Yourself: Institutions for Regulating Transboundary Pollution and the U.S.-Mexico Approach". *Virginia Journal of International Law* 25 (Spring 1985): 693-727.

## CONTRIBUTORS

MARIA SEDA is a Fellow at the Institute of Southeast Asian Studies. She is currently working on the legal and environmental implications of the North American Free Trade Area. Her areas of interests are land use management and environmental legislation in ASEAN and the Asia-Pacific.

MOCHTAR KUSUMA-ATMADJA, presently a practising lawyer, was formerly Minister of Justice (from 1974–77) and Minister of Foreign Affairs (from 1978–88) of the Republic of Indonesia. After obtaining his law degree from the University of Indonesia, he went to Yale University Law School where he obtained his LL.M. in 1955. He then embarked on an academic career at Padjadjaran University Law School, becoming a professor of law in 1962. He was a Special Student at the Harvard Law School from 1964–65, and held the Trade and Development Research Fellowship at the University of Chicago Law School from 1965–66. He has published for the legal profession in both English and Indonesian.

MURTEDZA MOHAMED is Associate Professor in the Department of Chemistry, Faculty of Science and Natural Resources, Universiti Kebangsaan Malaysia. He obtained his B.Sc. from the same university, and a Ph.D. in Organic Chemistry from Brunel University, United Kingdom. Dr Murtedza has been active in environmental research in Sabah since 1982, and has published about 40 academic papers and 20 consultancy reports on various environmentally-related subjects. He has served as Vice-President

of the Sabah Environmental Protection Association, was on an EIA reviewer panel for the Department of Environment, was Technical Committee Chairman of the Cabinet Committee on Conservation of Rhinoceros and Wildlife in Sabah, and was a resource person to the United Nations Environmental Programme's Network for Industrial Environmental Management Programme. He is currently involved in research on the discharge of organic pollutants and residues into the environment.

SHAM SANI is Professor of Geography at the Universiti Kebangsaan Malaysia, Bangi, and was the Tun Razak Professor at the Center for International Studies, Ohio University, Athens, from 1991–93. He received his Ph.D. from the University of Canterbury, New Zealand. He has taught Geography and Environmental Studies for about 22 years. His major area of research is urban climate and air pollution with interests in environmental conservation and related public policy. He is active in non-governmental organizations and is a member of many national committees on the environment.

TI TEOW CHUAN is Research Fellow and Associate Director in the Institute for Development Studies, Sabah. He obtained his B.Agr.Sc. (Hons.) from the University of Malaya and his M.Agr.Sc. and Ph.D. degrees in agricultural economics from the University of Reading, United Kingdom. He was a researcher in the Rubber Research Institute of Malaysia for 12 years and subsequently held senior management positions in the plantation sector. He is currently involved in environment-related studies in the agricultural, forestry and tourism sectors.
