THE EDITORS

DR CHEN AI JU, Deputy Director of Medical Services for the Primary Health Division, Ministry of Health, Singapore, is the Regional Project Co-ordinator for the project "Socio-Economic Consequences of the Ageing of the Population" of the Phase III ASEAN Population Programme. She is active in health services research and studies on the epidemiology of ageing and chronic degenerative diseases. She has been closely associated with the Singapore population programme and its policies and is presently in charge of the Population Planning Unit in the Ministry of Health.

DR GAVIN W. JONES is Professorial Fellow and Acting Head of the Department of Demography, Research School of Social Sciences, at the Australian National University. His academic writings focus on issues in the determinants and consequences of demographic trends in Asia, particularly Southeast Asia. He has served as consultant to planning agencies in Thailand, Malaysia, Indonesia, and Sri Lanka and has taught in universities in Indonesia and Malaysia. His recent publications include *Women in the Urban and Industrial Workforce: Southeast and East Asia* (1984), *The Demographic Dimension in Indonesian Development* (co-authored with Graeme Hugo, Terence Hull, and Valerie Hull) (1987), and *Urbanization and Urban Policies in Pacific Asia* (co-edited with Roland Fuchs and Ernesto Pernia) (1987).
