SUBMISSIONS

First published in 1984 as the *ASEAN Economic Bulletin*, the *Journal of Southeast Asian Economies (JSEAE)* is an authoritative source on economic issues facing countries in the region addressed to both researchers and policy-makers.

Submissions of articles to the journal are welcome. Past contributors to our publication include renowned scholars as well as younger professionals. Articles should be of contemporary economic interest and have clear policy relevance. They should be pertinent to Southeast Asian countries or regional economic groupings such as the Association of Southeast Asian Nations (ASEAN).

For full research articles, each manuscript should be between 7,000 and 8,000 words in length, while research notes should be between 4,000 and 5,000 words. In addition to topical relevance, authors are also responsible for ensuring that their submissions meet high standards of English (i.e., the manuscripts should be clear, well-articulated and comprehensible). The JSEAE Editorial Board reserves the right to decline submissions that do not meet the journal's language standards. The broad format should be scholarly but tables, figures, citations, endnotes, and quotations should be kept to a minimum level essential for the analysis or descriptions intended. All submissions must be accompanied by an abstract of approximately 200 words that offers a broad summary of the manuscript. Specifically, authors should include the purpose, approach, results and implications of the research, while avoiding uncommon abbreviations and reference citations. The abstract should be comprehensible to readers before they have read the complete article. This must be followed by four to five relevant keywords in a separate paragraph.

Submissions to the journal should be original contributions and not under consideration by any other publication. They are subject to external blind refereeing. Electronic submissions are preferred and should be sent as an e-mail attachment to: jseae@iseas.edu.sg.

Alternatively, articles can be sent by post, in duplicate, together with a soft copy in a CD to:

The **ISEAS – Yusof Ishak Institute** (formerly Institute of Southeast Asian Studies) is an autonomous organization established in 1968. It is a regional centre dedicated to the study of socio-political, security, and economic trends and developments in Southeast Asia and its wider geostrategic and economic environment.

The Institute's research programmes are grouped under Regional Economic Studies (RES), Regional Strategic and Political Studies (RSPS), and Regional Social and Cultural Studies (RSCS). The Institute is also home to the ASEAN Studies Centre (ASC), the Temasek History Research Centre (THRC) and the Singapore APEC Study Centre.

The Institute is governed by a fifteen-member Board of Trustees comprising nominees from the Singapore Government, the National University of Singapore, the various Chambers of Commerce, and professional and civic organizations. An Executive Committee oversees day-to-day operations; it is chaired by the Director, the Institute's chief academic and administrative officer.
