

## Index of Names

The numbers given below are those used to refer to the specific works listed in this bibliography. Names appear as they have been given, although entries have been consolidated in cases where both first names and initials have been used. Joint authors, editors, translators, photographers and illustrators have been listed individually, as have those who have contributed introductions, forewords and afterwords. Other people named in the prefaces, foreword, introduction, appendices and notes of this bibliography have not been listed. Diacritical marks, where relevant, have not been included.
