## Appendix 4

### Chronology of Key Military Reshuffles (1932–2022)

In the tables that follow, next to each name, the corresponding military school class has been placed in parentheses. Since military schools changed over time, different types of school numbers will be seen. Until and including 1939, simply the class year is placed next to the prospective military officer (e.g., Prem 1939/1981, or in some cases 39/1981). From 1940 until 1948, a preparatory class for all military officers existed. This has been denoted beginning with (P1)/1982, for example. Starting in 1949, the class of Chulachomklao Army Cadet Academy is used. Thus, the corresponding year is the class number, such as Chavalit (1)/1990. Finally, beginning in 1958, the Armed Forces Academy Preparatory School (AFAPS) was created, with almost all officers attending this school before attending the army, air force, navy or police academies. Officers after this date have their names and corresponding AFAPS class/Chulachomklao Army Cadet Academy denoted (e.g., Surayud 1/2003).

For each person in the tables that follow, the faction and end-of-service (retirement/dismissal/death) dates (if known) are given.

The faction of the First Division is King's Guard, or Wongthewan (Heavenly Progeny; 1870), while the faction of the Second Division is Burapapayak (Tigers of the East; 1955).
