

Electric Vehicles

The **ISEAS – Yusof Ishak Institute** (formerly Institute of Southeast Asian Studies) is an autonomous organization established in 1968. It is a research centre dedicated to the study of sociopolitical, security and economic developments in Southeast Asia and its wider geostrategic environment. The Institute’s research programmes are grouped under Regional Economic Studies (RES), Regional Strategic and Political Studies (RSPS), and Regional Social and Cultural Studies (RSCS), as well as six country programmes—namely, Malaysia, Indonesia, Thailand, Myanmar, Vietnam, and the Philippines. The Institute is also home to the ASEAN Studies Centre (ASC) and the Singapore APEC Study Centre.

ISEAS Publishing, an established academic press, has issued more than two thousand books and journals. It is the largest scholarly publisher of research on Southeast Asia from within the region. ISEAS Publishing works with many other academic and trade publishers and distributors to disseminate important research and analyses from and about Southeast Asia to the rest of the world.

Electric Vehicles

Implications for Developing Countries

ISEAS Library Cataloguing-in-Publication Data

Name(s): Archanun Kohpaiboon, 1971-, editor.
Title: Electric vehicles : implications for developing countries / edited by Archanun Kohpaiboon.
Description: Singapore : ISEAS-Yusof Ishak Institute, 2026. | Includes index.
Identifiers: ISBN 978-981-5361-10-0 (soft cover) | ISBN 978-981-5361-11-7 (PDF) | ISBN 978-981-5361-12-4 (epub)
Subjects: LCSH: Electric vehicles—Developing countries. | Electric vehicles—Southeast Asia—Economic policy.
Classification: LCC TL220 E38

Cover image: Workers at an assembly line inside BYD Co.'s new plant in Nikhom Phatthana, Rayong province, Thailand, on Thursday, 4 July 2024. BYD's shares have defied heavy losses in EV stocks around the world to gain more than 6 per cent in Hong Kong this year thanks to the introduction of the fifth generation of its plug-in hybrid drive system in May.

<i>List of Figures</i>	vii
<i>List of Tables</i>	x
<i>About the Contributors</i>	xiii
<i>Acknowledgements</i>	xiv
1. Electric Vehicles: Implications for Developing Countries <i>Archanun Kohpaiboon</i>	1
2. Analytical Framework of EVs in the Context of Developing Countries <i>Archanun Kohpaiboon</i>	13
3. Policies to Promote Electric Vehicles and EV Uptake <i>Archanun Kohpaiboon and Petchtharin Wongcharoen</i>	44
4. Trade and Investment Patterns of EVs <i>Archanun Kohpaiboon and Wannaphong Durongkaverroj</i>	95
5. Policies to Promote EV Uptake in Thailand <i>Archanun Kohpaiboon</i>	118

6.	Assessing Malaysia's Transition to Electric Vehicles <i>Tham Siew Yean</i>	150
7.	The Electric Vehicle Industry in Indonesia <i>Siwage Dharma Negara</i>	184
8.	The Transition to Zero-Emission Vehicles in Vietnam <i>Pham Van Dai</i>	224
9.	Conclusions and Policy Implications <i>Archanun Kohpaiboon</i>	250
	<i>Index</i>	255

List of Figures

2.1	Analytical Framework of Promoting BEVs	34
3.1	Year That Countries Launched Policies to Promote EVs	45
3.2	Number of Each Type of Policy in Effect Between 2015 and 2024	48
3.3	Combinations of Three Policies in Promoting EV Uptake, 2015–24	49
3.4	Trends and Patterns of EV Subsidies Launched in 2015 or Before	51–52
3.5	Trends and Patterns of EV Subsidies from 2019 Onwards	52–53
3.6	ICE Vehicle Phaseout Goals in Each Country	54
3.7	Share of BEVs to Total Sales and Total Stocks of All Types of Vehicles, 2010–24	56
3.8	Export Shares of EVs to Total Vehicle Exports, 2019–24	57
3.9	Top Five BEV Uptake Countries, 2019–24	58
3.10	Publicly Available Charging Stations, 2014–24	60–61
3.11	Coefficients Corresponding to Time Dummies	73

4.1	HS Codes of EV Industries	98
4.2	EV Exports, 2017–24	100
4.3	Export Value and Composition of BEV Auto Parts, 2017–24	104
4.4	Export Value of BEV Auto Parts, 2004–24	104
4.5	Ratio of EV Battery Units/BEV Units Sold, 2017–24	105
4.6	Global Footprint and Capital-Labour Ratios of Affiliates Abroad	107–8
4.7	Investment Map of Major EV Battery Manufacturers, 2003–22	112
5.1	Number of Charging Stations in Thailand	134
5.2	Distribution of Charging Stations	134
5.3	Import Value of BEVs of Selected ASEAN Countries, 2017–24	135
5.4	Newly Registered Vehicles by Japanese Firms, 2016–24	143
6.1	Total Vehicles Produced and Assembled in Malaysia, 2010–23	163
6.2	Import and Export of Lithium-ion Batteries, 2017–23	166
6.3	Import and Export of Parts of Electric Accumulators, Including Separators, 2016–23	167
6.4	Import and Export of Electric Motor Vehicles, 2017–23	169
6.5	Share of Import and Export of Lithium-ion Batteries, Parts of Electric Accumulators, Including Separators, and EVs in the Total Imports and Exports of Malaysia, 2023	169
6.6	Approved Investment in BEV, 2018–23	171

7.1	Number of Registered Cars and Motorcycles	185
7.2	Vehicle Sales and Exchange Rates	186
7.3	Vehicle Sales and Interest Rates	187
7.4	Vehicle Sales and Inflation Rates	187
7.5	EV Sales, 2021–24	211
8.1	Vietnam’s Regulatory Framework for Green Transport	226
8.2	Vietnam’s Action Plan Towards Green Transportation	227
8.3	Car and Motorcycle Production in Vietnam, 1995–2023	229

List of Tables

2.1	Overview of Financial Incentives Across Different Jurisdictions	18–20
3.1	Top Ten BEV Models Sold in 2020 and 2024	58
3.2	Export Destinations of Top Five BEV Exporters, 2024	59
3.3	List of Countries Covered in This Study and Related Sources	67
3.4	Descriptive Statistics for Variables Used in the Model	67
3.5	Baseline Estimation of BEV Uptake Determinants	69
3.6	Estimation Results of BEV Uptake with Time Dummies (as the Dependent Variable)	72
3.7	Estimation Results of BEV Uptake Based on Fast Public Charging Stations	73
4.1	Top Five BEV Exporters, 2019–24	101
4.2	Top Five Export Destinations of BEV Exporters in 2024	102
4.3	Top Ten BEV Importers, 2019–24	103
4.4	Top Five EV Battery Exporters, 2019–24	106
5.1	Tariffs on EVs in Thailand, 2021	122–23
5.2	Excise Taxes According to Vehicle Types, 2013–22	124–25

5.3	Policy Packages to Promote BEV Industry in Thailand at the Fifth EV Board Meeting, 14 January 2022	130
5.4	Cumulative Registered EVs, 2013–24	133
5.5	Import Sources of BEVs in Thailand, 2020–24	135
5.6	Share of BEV Imports of Selected ASEAN Countries to Total ASEAN, 2020–24	136
5.7	Import Sources of BEVs of ASEAN Countries, 2024	137
5.8	Percentage Price Difference of Vehicles over BEVs Promoted Under EV 3.0 Programme	138
5.9	Top BEV Brands Sold in Thailand, 2022–24	142
6.1	Incentive Packages for BEVs in Budgets 2022 and 2023	155
6.2	Governance of EV Development, 2024	158
6.3	Bilateral and Multilateral Agreements of Malaysia, 2024	159
6.4	Tariff Liberalization in Malaysia for Selected Codes of EV Batteries and Vehicles, 2024	160
6.5	Principal Statistics of Automotive Sector, 2015–22	162
6.6	Sales of BEVs and HEVs in Malaysia, 2021–24	164
6.7	Top Three Import and Export Countries for Lithium-ion Batteries, 2016–23	167
6.8	Top Three Import and Export Countries for Parts of Electric Accumulators, Including Separators, 2016–23	168
6.9	EV Assembly in Malaysia, 2024	173
7.1	Automotive Trade Performance, 2012–23	190
7.2	Exports of Motorized Vehicles by Main Destination Country, 2018–23	191

7.3	Value of Motor Vehicle Imports by Primary Country of Origin, 2018–23	192
7.4	Import Values of BEV and Its Components	192
7.5	Export Values of BEV and Its Components	194
7.6	Car Production, Sales and Exports	199
7.7	Motorcycle Production, Sales and Exports	200
7.8	Various Incentives for EV Producers and Consumers	208–9
9.1	Comparative Aspects of Case Studies on BEV Uptake in Four Southeast Asian Countries	253

About the Contributors

Archanun Kohpaiboon is a Professor at the Center for International Competitiveness and Development Studies (ICDS), Faculty of Economics, Thammasat University, Bangkok, Thailand and a Visiting Senior Fellow in the Regional Economic Studies Programme at the ISEAS – Yusof Ishak Institute, Singapore.

Tham Siew Yean is a Visiting Senior Fellow in the Regional Economic Studies Programme at the ISEAS – Yusof Ishak Institute, Singapore.

Siwage Dharma Negara is Senior Fellow and Co-coordinator of the Indonesia Studies Programme at the ISEAS – Yusof Ishak Institute, Singapore.

Wannaphong Durongkaveroj is an Associate Professor, Faculty of Economics, Ramkhamhaeng University, Bangkok, Thailand.

Pham Van Dai is a senior economic expert at Broaden Economics think tank in Vietnam.

Petchtharin Wongcharoen is an Assistant Professor at the Center for International Competitiveness and Development Studies (ICDS), Faculty of Economics, Thammasat University, Bangkok, Thailand.

Acknowledgements

This edited volume is one of the research outputs from the Senior Research Scholar Program in Social Science of the Year 2022, awarded by the National Research Council of Thailand (NRCT). First, I would like to acknowledge the support given by the NRCT, which provided medium-term financial support for my research project, “Thai Manufacturing in the post-COVID era”. I would also like to thank all the contributors, especially Professor Tham Siew Yean, Dr Siwage Dharma Negara and Dr Pham Van Dai, who voluntarily contributed their research papers so that the edited volume can provide a comparative perspective on BEVs in Southeast Asia. I benefit greatly from co-working with younger but promising scholars like Dr Wannaphong Durongkaverroj and Dr Petchtharin Wongcharoen. Finally, I would like to express my sincere gratitude to Professor Prema-chandra Athukorala, Associate Professor Juthathip Jongwanich, Dr Cassey Lee, Dr Kazu Hayakawa and the anonymous book reviewer, who provided constructive comments and suggestions.
