*Contemporary Southeast Asia* is a journal that specializes in the politics, international relations and security-related issues of Southeast Asia and its wider geostrategic environment. Although it was originally conceived as a more general journal of the social sciences in 1979, CSEA has come to focus more closely on the concerns of the Institute's Regional Strategic Studies Programme since 1987. Apart from serving as a reliable and up-to-date source of information on various events and trends in regional politics, international relations and security questions that affect South-east Asia, CSEA also publishes the results of original research on these subjects by both scholars and other interested persons.

---

*Contemporary Southeast Asia* is published quarterly in June, September, December and March by the Institute of Southeast Asian Studies.
